## **MADE FRESH CATERING-THE ARMATA'S WAY**

Just like our Meat or Produce Departments, Armata's Made Fresh concept aims to provide a completely different experience than other supermarkets and Grocery stores. All items are made right in our kitchen, not bought and simply reheated or repacked, as you find in many other stores. By doing so, we are able to offer a better, fresher product, without extra ingredients or additives that you may find in a mass produced product. We have a dedicated, professionally trained chef on site always coming up with new and unique items. You can be assured that all items are prepared with the same painstaking attention to detail that we would use to prepare a meal in our own homes for our families. We will do our best to accommodate any and all special requests!
